## 5 ANESPA

Warranty: 3 years

This unit is a mineral ion spa system for your home so you can enjoy the soothing feeling of being in a hot spring resort every day! This unit's dual cartridge system contains therapeutic ingredients that have a relaxing spring effect. It takes almost 100% of the chlorine and harmful chemicals out of your shower and bath water. The remaining water is filtered over a blend of natural hot spring ingredients and ions and then broken down into smaller clusters making it easier for your body to absorb the nutrients. This water technology is highly effective against skin deterioration like, psoriasis, eczema, freckles etc. For those looking for healthy vibrant skin and hair, this unit is a must.

We can also do a special price package for those who are open and interested in purchasing one of the LeveLuk models along with the Anespa shower unit. When you are ready to learn more about this information please get back in contact with the person who shared this information with you.
